Dear Police Department,

APRA GOVERNANCE REVIEW – DISCUSSION PAPER

Thank you for the opportunity to make comment on the proposed Governance Standard scheduled to come into effect in 2028. The directors on the Board of Police Health discussed these proposed standards at length at our board meeting of 28 May.

While some of the proposed standards are, in our view uncontroversial, others will have a significant effect on some of our current governance practices and others would require constitutional changes that must be agreed by the members.

While we appreciate that there has already been some time for consultation it would appear that such consultation has focussed on discussions with CEOs of Funds and not Board Chairs. It would be greatly appreciated if you could give consideration to specifically providing the opportunity to discuss these proposals specifically with directors in the near future.

Yours sincerely
